# FREEDOM STAND®

The Freedom Stand® effortlessly transforms any surface into a personalized sit-stand desk, enabling you to achieve long lasting health benefits. Worksurface and monitors easily lift to the proper height for unsurpassed ergonomic comfort. Wide range of monitor movement enables swivel, rotation and tilt to match different viewing angle needs.

**FDM-STAND-1** featured in an office environment. Dual monitor option also available

## FEATURES

- **Monitor Attachment:** Detachable VESA plate makes the installation much easier by attaching to your monitors independently and then sliding back onto the arm
- **Motion:** Wide range of monitor movement enables swivel, rotation and tilt to match different viewing angle needs
- **Height Adjustment:** Height adjustment on the vertical column promotes ergonomic positioning and sit-stand work routine to counteract the harmful effects of increasingly sedentary work style
- **Easability:** The work surface and monitors easily lift to the proper height for unsurpassed ergonomic comfort
- **Tray Holder:** Storage organizer accommodates small-size office supplies
- **Cable Management:** keeps cables organized for a clean, clutter-free look with built in cable clips
- **Cup Holder:** A slot on the worksurface securely keeps your cup in place
- **Weight Capacity:** Supports 5-15 lbs max
- **Monitor Size:** 13"-32" max
- **Monitor Weight:** Up to 15 lbs
- **VESA Compatibility:** 75mm & 100mm
