

VERSAFLEX

HANDS-FREE ROLLING TABLET STAND

VersaFlex Universal Rolling Tablet Stand

VersaFlex is the only industrial strength portable rolling tablet stand on the market today! Ergotech's ingenious engineering has allowed us to create the ultimate tablet solution.

VersaFlex is constructed of high quality and industrial strength material, and offers 360° rotation and active height adjustment. The articulating arm, with a full extension range of 21", allows you to position the tablet in the ideal ergonomic position to accommodate your needs.

Once the tablet is safely secured in the tamper-proof clamp, the tablet can utilize features like up/down/left/right tilt and portrait and landscape views along with rotation. Featuring 5 heavy duty wheels, VersaFlex takes your tablet wherever you need it to go. The wheels contain locks that allow you to secure the stand in place.
